DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the first paragraph of 35 U.S.C. 112:
2. The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.
3. Claim 1 is rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. See the reasons of record in the Office Action mailed on 17 March 2004.

Allowable Subject Matter

4. Claims 10 and 12 are allowed. These claims are allowable for the reasons already of record in the Office Actions mailed on 17 March 2004 and 9 April 2003.

Response to Amendment

- I. In view of applicant's arguments, applicant traverses the section 112, first paragraph rejection of the Office Action mailed on 17 March 2004. Applicant's argument refers to an "alumina/alumite" bi-layer. The Specification at the cited portions of the rejection refers to either an "aluminum/alumina" or "aluminum/alumite" bi-layer. Since these

structures are not claimed, it is unclear how applicant derives support for the invention as now claimed. Rejection is maintained.

- II. In view of applicant's amendments and arguments, applicant traverses each of the section 102 and 103 rejections over Fukumura WO00/40777 and over Fukumura USP 6,569,264. Rejections are withdrawn.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).
6. A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
